For Immediate Release: 24-Sept-2007

SCHAUMBURG, IL ---- Mutare Software recently had its solutions SAP coded for Avaya, global provider of business telecommunications products and services. Mutare solutions are now available for sale through Avaya representatives and Mutare business partners, who will receive both quota retirement and commissions on the sale of Mutare solutions for Enabled VoiceMail (EVM) and Emergency/Events Notification (EEN).

Notes Ben Crown, Mutare President, "Avaya and Mutare have a strong and long-standing partnership that has brought added value to our customers and increased versatility to our product offerings. We are pleased to be included among Avaya's SAP-coded business partners and look forward to the opportunities this relationship presents."

More than one million businesses worldwide, including approximately 90 percent of the Fortune 500®, use Avaya solutions for IP Telephony, Unified Communications, Contact Centers and Communications-Enabled Business Processes. Mutare, one of the nation's leading providers of IVR software solutions for Modular Messaging, INTUITY® and OCTEL® platforms, is a Platinum Member of the Avaya Developer Connection Program.
